HYDE TRIAL

JURY NOTES

MR CARR

- WHEN DOING ANIMAL TESTING ARE THE ANIMAL PINED UP OR LET RUN FREE LIKE YOU WOULD AS HUMAN?
- YOU SAY YOU HAVE A PATENT, FOR WHAT?  
IS IT A MEDICAL DEVICE?

JURY #2

Juror 6:

Please help me understand  
"Horse keeping" that results in  
evidence being ~~add~~ admitted  
that has not been ~~brought~~  
~~to~~ discussed in the course of the  
trial (at least not obviously to me).  
Thank you.

(i.e. Do we need to review those exhibits  
as we go about determining which  
facts are relevant? )
